After completing SPEAK UP (Continued):

89%

Of students could identify the risk factors that lead to trafficking as well as how predators could use those tactics hurt them.

85%

Of students knew how to respond if they suspected trafficking.

Student Feedback:

"This training was really good."

"I learned a lot about things I could experience in real life."

"I liked it a lot because it had facts about sexual abuse."

"It was interesting and helpful."

"It was a very good learning experience that I can apply in the future."

"This made me feel empowered."

"I am more confident for when I need to speak up in unsafe situations."

"This training was very eye-opening to me. I learned this could happen to anyone."

Educator Feedback:

"Now I know how to handle students in crisis."

"My students and I became more comfortable and aware of the potential risk of sexual violence."

"It helped me clearly identify tactics and help students identify vulnerabilities."

"I was well aware of some of the topics in this training. But, there were a lot of things I didn't know."

"It was well done and age-appropriate. I felt comfortable about sharing it."

"This was great information to be shared."
